

BHRL-03 Portable Ice-cooling Hair Removal Device

 2021300567588

Product Description

- High-grade imported quartz lamp tube, which is safe and effective. The painless and long-lasting hair removal, suitable for the whole body.
- There are Five-speed adjustments and 2 modes which are manual play + automatic induction continuous play.
- LCD liquid crystal display, one shot counts for one shot, and the number of shots is visible.
- Newly upgraded one-piece light structure. The lamp head is not easy to break, full contact lighting, powerful and safe without hurting the skin and hair removal.
- Freeze synchronization and 360-degree freezing point surround, which can avoid scalding the skin.
- IPL intense pulsed light: light energy is converted into heat energy, which directly acts on the hair follicle. So that the melanin of the hair follicle is absorbed, and the high temperature causes the hair follicle to shrink, so as to achieve the effect of hair removal.
- Packaging Configuration : host*1, goggles*1, shaving knife*1, adapter*1, manual*1

Product Specifications

Product Color: Pink, White 

Switch: Push Button Switch

Material: ABS resin

Light tube: Quartz tube

Energy : 6-15J (lab tested)

Wavelength:600-1100nm

Voltage/Current:DC12V/3A

Plug Specification : US Plug, CN Plug, JP Plug, EU Plug, UK Plug

Rated Power : 48W

Package : Gift box packaging

Product Size:83.4*147.7*53.2mm

Packing size:222*174*62mm

Product gross weight : 259.3g/590g

Carton size : 42.5X34.5X37cm

FCL net weight : 12.4kg

Carton quantity : 20pcs

Certification : CE,ROHS,FCC,PSE

BHRL-03B Portable Hair Removal Device

2021300567588

Product Description

- Five energy gear adjustments are to meet the needs of different parts of different customers, which is truly effective to hair removal.
- Two modes of manual single flash and automatic continuous flash.
- LCD liquid crystal display, one shot counts one shot, and the number of shots is actually visible.
- Intense Pulse Technology provides an efficient and gentle irradiation experience, targeting melanin in hair follicles and inhibiting hair regrowth.
- The product is painless which is suitable for the whole body, different parts, which can be done with one machine, effective hair removal in 8 minutes.
- Packaging Configuration : host*1, goggles*1, shaving knife*1, adapter*1, manual*1

Product Specifications

Product Color: Black, White 

Material: ABS resin

Light tube: Glass tube

Energy : 6-15J (lab tested)

Wavelength: 480-1100nm

Voltage/Current: DC12V/3A

Rated Power : 36W

Package : Gift box packaging

Product Size: 83.4*147.7*53.2mm

Packing size: 222*174*62mm

Product gross weight : 229.3g/560g

Carton size : 42.5X34.5X37cm

FCL net weight/gross weight : 11.8kg

Carton quantity : 20pcs

Certification : CE,ROHS,FCC,PSE

BHRL-04 Touch screen Ice-cooling hair removal device

 202130580945.6

Product Description

- 6°C ice therapy throughout the process that care for soft protein skin.
- 0.5S/ice flash, only 8 minutes for whole body hair removal.
- Use your beautiful fingertips to touch screen touch, and to start a smooth process.
- 5 gears of energy are optional, which can be adjusted according to different parts, so that multiple parts of the body can be easily applied
- Single flash & continuous flash, as needed by "muscle", small area manual mode & large area automatic mode, one-key switching is simple and quick.
- Upgraded pulsed light to precisely irradiate the melanin of the hair follicle, delay hair growth from the root, and irradiate according to the growth cycle to achieve a silky and non-repetitive effect.
- Packaging Configuration : host*1, goggles*1, shaving knife*1, adapter*1, manual*1

Product Specifications

Product Color: White 

Material: ABS

Light tube: Quartz tube

Energy : 6-15J (lab tested)

Weavlength:600-1200nm

Plug Specification : US Plug, CN Plug, JP Plug, EU Plug, UK Plug

Voltage/Current:DC12V/3A

Rated Power : 48W

Package : Gift box packaging

Product Size:79.2*166.4*175.4mm

Packing size:231*201*87mm

Product gross weight : 320g/810g

Carton size : 49.5X46.5X44.5cm

FCL net weight/gross weight : 17.2kg

Carton quantity : 20pcs

Certification : CE,ROHS,FCC,PSE

BHRL-04B Hair Removal Device

Product Description

- Touch screen touch, beautiful fingertips, say goodbye to mechanical pressing, touch the fingertips, start silky smooth, beautiful and effortless.
- 5 gears of energy are optional, which can be adjusted according to different parts, so that multiple parts of the body can be easily applied

BHRL-05 Portable Ice-cooling IPL Hair Removal

Product Description

- Two light emitting modes: small-area manual mode and large-area automatic mode, acting on different parts for more precise hair removal.
- Five hair removal modes, five levels of light intensity, suitable for multiple parts such as the face, underarms, legs, arms, and bikinis.
- IPL high-energy pulsed light effectively destroys hair follicles, inhibits melanin, and does not cause thermal damage to the skin surface.
- Freezing point hair removal, safe and painless hair removal without hurting the skin .
- This hair removal device is small in size, light in weight, and easy to carry, allowing you to enjoy beauty parlor-level hair removal anytime, anywhere.
- Packaging Configuration : host*1, goggles*1, shaving knife*1, adapter*1, manual*1

Product Specifications

Product Color: Green gold /platinum, purple gold, purple (custom) 

Switch: Push Button Switch

Material: ABS resin

Light tube: Quartz tube

Energy : 6-15J (lab tested)

Weavelength:550-1200nm

Voltage/Current:DC12V/3A

Plug Specification : US Plug, CN Plug, JP Plug, EU Plug, UK Plug

Rated Power : 48W

Package : Gift box packaging

Product Size:66.6*168.3*38.8mm

Packing size: 213.5x153.5x55mm

Product gross weight : 211g

Carton size : 48.7X37.3X29.4CM

Carton quantity : 20pcs

FCL net weight : 13kg

Certification : CE,ROHS,FCC,PSE

BPF-01 Oral Irrigator

Product Description

- 7 different nozzles with different colors, suitable for the whole family, can effectively reduce the risk of disease entering from the mouth, reduce cross-infection and reduce expenses.
- Equipped with a 300ML large-capacity water tank, which can be filled with water at one time and can clean the entire oral cavity without frequent water changes.
- Because of built-in intelligent chip, you can enjoy 2-minute timing protection with intelligent memory function. Automatically open the last mode every time you use it, no manual adjustment is required.
- With internal and external dual IPX7 waterproof design, the oral irrigator can prevent water leakage and is safer to use.
- 45-130PSI high pressure flushing, which can precisely control of water flow. Moderate pressure let you feel mild and non-irritating.
- Built-in lithium battery that is small size, light weight, high energy density, long service life, no memory effect, environmental protection, safety and reliability.
- Packaging Configuration : host*1 , normal nozzles*4 , Charging cable*1, 7 types of nozzles (optional), nozzle box (optional), storage bag (optional)

Product Specification

- Product Color : Black, White 
- Rated Voltage : 3.7V
- Water tank capacity : 300ml
- Adjustment : Three
- Pressure range : 45-130PSI
- Pulse Frequency : 1800times/min
- Battery capacity : 1100Mah
- Waterproof grade : IPX7
- Product Size : with the nozzle 6.9*8.7*28.6cm
without the nozzle 69.2*87.3*221.2mm
- Packing Size : 240*115*83mm
- Package gross weight : 289.2g/417.4g
- Packing weight : 8.95kg
- Carton Size : 42X25X50cm
- Packing quantity : 20pcs
- Certification : CE,ROHS,FCC,FDA,PSE

BPF-02 Oral Irrigator

Product Description

- 7 different nozzles with different colors, suitable for the whole family, can effectively reduce the risk of disease entering from the mouth, reduce cross-infection and reduce expenses.
- 200ml large-capacity removable and washable water tank, which is easy to disassemble and clean.
- IPX7 rating, the whole machine is washable to keep the body clean. The immersion-proof type waterproof will not enter the interior even if it is immersed in water under specified conditions.
- 40-140PSI high pressure flushing, which can precisely control of water flow. Moderate pressure let you feel mild and non-irritating.
- The charging interface adopts a plastic wrapping process to narrow the interface gap and prevent water from entering and damaging the power supply.
- Packaging configuration: main unit*1, standard printhead*4, charging cable*1, 7 types of printheads (optional), printhead box (optional)

Product Spercification

- Product Color : White 
- Rated Voltage : 3.7V
- Water tank capacity : 200ml
- Pressure range : 40-140PSI
- Pulse Frequency : 1600times/min
- Battery capacity : 1000Mah
- Waterproof grade : IPX7
- Product Size : 69.9*46.8*158mm
- Packing Size : 172*80*56mm
- Package gross weight : 228.1g/278.8g
- Packing weight : 14.6kg
- Carton Size : 43X37X30.5cm
- Packing quantity : 50pcs
- Certification : CE,ROHS,FCC,FDA,PSE

BPF-03 Oral Irrigator

Product Description

- 7 different nozzles with different colors, suitable for the whole family, can effectively reduce the risk of disease entering from the mouth, reduce cross-infection and reduce expenses.
- 250ml super large capacity water tank .The water tank is made of PC material and does not contain bisphenol A. The water absorption device is upgraded to food grade silica gel, which will not rust.
- Water floss has four working modes, namely, sensitive, ordinary, pulse and DIY. DIY mode can choose its strength freely to meet all your needs.
- It adopts IPX7 waterproof design, the whole machine washable. This water floss also has UV sterilization function, which can effectively sterilize.
- 20-130PSI high pressure flush, precise water flow control, moderate pressure, mild and non-irritating.
- LED power display, large capacity 1200 mah battery.
- Packaging configuration: main unit*1, standard printhead*4, charging cable*1, 7 types of printheads (optional), printhead box (optional)

Product Specification

- Product Color : Black 
- Rated Voltage : 3.7V
- Water tank capacity : 250ml
- Pressure range : 20-130PSI
- Pulse Frequency : 1200-1700times/min
- Battery capacity : 1200Mah
- Waterproof grade : IPX7
- Product Size : 55*55*168mm
- Packing Size : 75*57*172mm
- Package gross weight : 250g/326g
- Packing weight : 13.5kg
- Carton Size : 40X31X36.5cm
- Packing quantity : 40pcs
- Certification : CE,ROHS,FCC,FDA,PSE

Product Description

- Nano water vapor is in nanometer unit size. Compared with ordinary steam, it is easier to penetrate into the skin, moisturizing the skin
- Water-proof design sprinkler head, the nozzle adopts a horn-type design, which can effectively prevent water splashing.
- Using advanced heating technology, the mist is quickly released in 30 seconds, the mist volume is large, the mist is more uniform, the range is wide, and it penetrates into the skin quickly, and the beauty does not need to wait.
- Temperature control does not hurt the skin. If the product lack of water, it will automatically power off.
- After steaming, the pores are stretched and opened. At this time, when you perform mask care or cleaning, the effect of mask and cleaning can be increased by 60%.
- UV Lamp Nano Ion Facial Steamer Premium Edition (Fog Model)--Built-in UV ion reaction lamp, decomposes water molecules into atomization, removes harmful substances in the water, makes the water quality bacteria-free, and hydrates deeper.
- Packaging configuration: main unit*1, manual*1

Product Specification

Product Color : White

Product types : micro fog, macro fog

Rated voltage : 220V-50Hz

Rated Power : 180W

Water tank capacity : \geq 180ml

Spray time: 1 minute spray 7.5ml,180ml can be sprayed for 24 minutes (heavy fog and small fog)

Plug Specification : US Plug, CN Plug, JP Plug, EU Plug, UK Plug

Spray time : micro fog about 30 mins,macro fog steamer about 25 min

Product size : 100.8X150.4X130.7mm

Packaging size : 120X137X167mm

Product net weight/gross weight : 405g/525g

Heavy fog style :430g/550g

Packing weight : 11.1kg /11.6kg

Carton size : 287X616X346mm

Packing quantity : 20pcs

Certification : CE,ROHS,FCC

BSP-01 Nano mist sprayer

Product Description

- Visualized 30 ML water tank, which is more convenient to add water.
- A true nano mist spray that hydrates anytime, anywhere without smudging makeup.
- The bottom USB dual port is small and portable
- The streamlined ergonomic design makes it more comfortable to hold.
- Different selection: regular and alcoholic.
- Package configuration: main unit*1, manual*1, charging cable*1

Product Specification

Product Color : White, Pink 

Material : ABS

Rated Voltage : 5V

Rated Power : 1A

Capability : 30ml

Rechargeable ways : USB rechargement

Battery : 550mAh

Product size : 38*28.3*105.1mm

Packing size : 117*39*48mm

Product net weight/gross weight : 59.1g/75.4g

FCL net wight/gross weight : 15.68kg

Carton size : 57X28X35cm

Carton quantity : 200pcs

Product Description

- The upgraded cutter head, trims cleanly and finely to every hair, mainly the cutter head. Our cutter head adopts the latest patented technology, which can trim eyebrows more accurately, so that green hand people can easily trim eyebrows.
- High-quality material with gold-plated surface, which does not hurt the skin.
- 360° seam trimming for a clean shave.
- With light design, it can be easily used in dark places.
- Different choices: there are 2 types which are rechargeable and battery
- Package configuration: host*1, manual*1, small brush*1, charging cable*1 (only for charging models)

Product Specification

Product color : Pearl White, Champagne Gold 

Material : ABS

Switch : Button switch

Battery : Rechargeable: NO.7 Battery(shipping without battery)

Rechargeable: 350mAh

Product size : 20.2*20.8*130.8mm

Packing size : 165*50*27mm

Product net weight/gross weight:

Battery type: 30g/46g

Rechargeable type: 38.4g/68.4g

FCL net weight/gross weight :

Battery type: 5.05kg

Rechargeable type: 7.25kg

Carton size : 35X31X27cm

Carton quantity : 100pcs

BHC-01

BHC-01B

BHC-02

BHC-01 Electric copper comb

Product Description

- There are three gears in total, and the temperature of each gear is different respectively. 80°-160°C is suitable for soft hair; 160°-180°C is suitable for general hair; 180°-210°C is proper for rough and hard hair. It is suitable to meet the needs of different hair types.
- It can be used for both straight and curly hair styles, making it easy to create a variety of styles.
- Anti-scalding comb design, no hair pulling and no hand injury. Bold and longer power cord, which is more safety.
- Using PTC heating chip, which is u-shaped corrugated heat sink. And is automatic constant temperature. That is safe and reliable. The heat dissipation rate is improved, and the thermal efficiency is higher. Healthy and environmentally friendly glue-free bonding that will keep more healthier. The product is super long durability without oxidation, and also with the service life up to 6000 hours. Constant temperature hair care, which does not damage hair and hands. Evenly heated, long-lasting and effective.
- Package configuration: main unit*1, manual*1, anti-scalding sleeve*1

Product specification

Product color : BHC-01:black-gold 、 platinum

BHC-01B:Pink leopard grain 、 light wood grain

BHC-02:customized color

Material : ABS. PP. PA6+15%GF+aluminum alloy

Temperature : 160° /180° /210°

Plug specification : UK Plug/EU Plug/US Plug

Power cord size : total length 128.6cm.plug 6.8cm.wiring 3.3cm

Product size : 51.4X295.8X39.5mm

Packing size : 335X72X51mm

Product net weight/gross weight : 204g/260g

Package weight : 13.6kg

Carton size : 54.5*39*37cm

Carton quantity : 50pcs

Certification:CE, ROHS, FCC

BHC-03 Infrared ion hair straightener

Product Description

- Dual-track infrared rays can repair damaged hair scales and lock in water, effectively reducing the loss of nutrients such as protein
- 100 million negative ions, layer by layer infiltration, nourish each hair, reduce hair water loss and high temperature damage, modeling and maintenance 2 in 1
- The 6-stage temperature is adjustable from 248-446°F to meet the needs of different hair types
- With the innovative double-sided thread design on the back, the hair is tightly wrapped around the panel for easier curling , you can style your hair straight or curly
- 3D floating panel, tightly fit hair, evenly heated, smooth without pulling hair
- PTC heating chip, 10 seconds rapid heating, constant temperature care, no hair damage
- Built-in timed power off module, 45 minutes intelligent power off, more secure
- One-click lock, perfect fit, reduce footprint
- Package configuration: main unit*1, manual*1

Product specification

Product color : Purplish gold 

Material : PET+ glass fiber

Temperature range: 248-446°C

Plug specification : UK Plug/EU Plug/US Plug

Power cable: Length 1.8m / 360° rotatable

Product size : 33.8*289.5*35mm

Packing size : 323*90*48mm

Product net weight/gross weight : 356g/486g

Package weight : 10.2kg

Carton size : 34.3*38.3*26.4cm

Carton quantity : 20pcs

Certification: CE, ROHS, FCC

BHC-04 Interchangeable Curling Wand Set

Product Description

- 7 replacement cartridges to choose from, can be purchased individually or in any combination
- Ceramic glazed plate, smooth frizz, reduce split ends, protect hair
- Precise temperature control, high-definition LCD display, according to personal use needs and different hair types to adjust their own temperature
- Temperature range 80-230°C, each time you can click the button "+" or "-", increase or decrease 5°C
- PTC heating, 10s fast heating, fast modeling, intelligent constant temperature does not hurt hair
- Easily insert by pointing the arrow, while pressing the release button on both sides, you can easily remove and replace
- 45 minutes no operation automatic shutdown, prevent hidden dangers, safety
- Anti-hot front end, curling can hold the front end to prevent burns; Anti-scalding stand to prevent hot replacement cylinder from burning the table top
- Package configuration: main unit*1, manual*1

Product specification

Product color: Black

Material: PA6+ glass fiber

Temperature range: 80-230°C

Plug specification: UK Plug/EU Plug/US Plug

Power cord: 1.8 m long, 360° rotatable

BSS-01 Skin Scrubber

Product Description

- 28,000 times/second high-frequency vibration atomizes water molecules, which can shake the dirt from the pores out of the skin surface, and deeply cleans the stubborn dirt.
- LED blue light ultrasonic can shock, calm and sooth acne. It also shrinks pores, moisturizes and rejuvenates skin. LED red light, ion + red light nourishes and absorbs, the absorption effect is doubled, and the maintenance effect of cheap skin care products becomes the maintenance effect of expensive skin care products.
- Negative ions cooperate with high-frequency vibration, so that the beauty essence can reach the bottom of the skin and wake up the vitality of the skin.
- EMS micro-current stimulates, lifts and tightens young skin.
- 14mm ultra-thin design, easy to carry, clean for business trips and travel.
- Package configuration: main unit*1, manual*1, charging cable*1

Product Specification

Product color : Bright black 、 Pearl white 

Material : ABS

Rated voltage : 3.4-4.2V

Rated Power : 1.5W

Chargeable way : USB chagement

Product Size : 50.4*173.8*19mm

Packing size : 195*82*44mm

Net Weight/gross weight : 96.8g/207.2g

Packing quantity : 17.5kg

Carton size : 47X41X36cm

Packing quantity : 80pcs

Certification : CE, ROHS, FCC

Product Description

- 13 beads LED makeup mirror with 5x magnifying glass. The makeup details are more in place and the makeup is more delicate.
- Take It With You, small and convenient. It can keep delicate makeup anytime and anywhere.
- "Daylight" HD makeup, simulating natural light source, the light is real and natural.
- Using the battery of CR2032 , which is environmental protection and energy saving. The battery capacity is 200-240mAh, and the constant light time is about 20h, which has a longer life and longer battery life than ordinary batteries.
- Manual switch. You can adjust the switch according to your own wishes, and there is a clear switch display on the back of the mirror.
- Packaging configuration: Host * 1, lithium battery * 2, manual * 1

Product Specification

Product color : Pink , White 

Material : ABS+glass

Lamp bead : 13 pearl

Rated voltage : 6V

Rated power : 0.2w

Power resource: Battery

Recharging current : 190-200mAh

Product size : 90.3*91.5*19.4mm

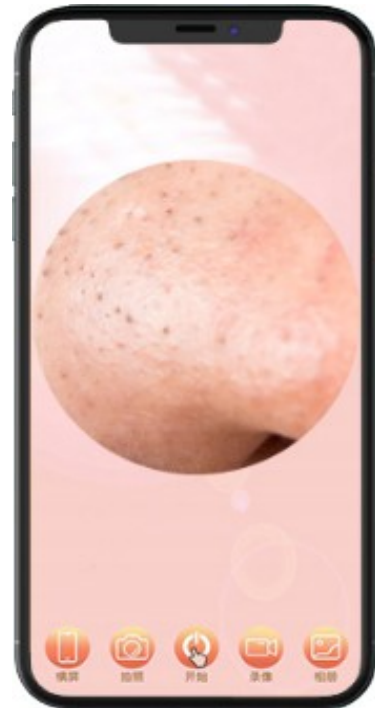

Package size : 104*104*23mm

Packing net weight/gross weight : 85.8g/103.5g

Packing weight : 5.78kg

Carton size : 60X24X14cm

Packing quantity : 50pcs

BBR-01/BBR-01B Visible/Invisible Blackhead Apparatus

 2021306103962

Product Description

- WIFI electronic camera 1080P high-definition 300,000 pixels, refuses to clear the surface, penetrates deep into pores, and has nowhere to hide blackheads and acne.
- Powerful suction, and it comes out as soon as it is sucked. The vacuum negative pressure centrifugal force is used to pull out the blackheads by the root.
- Only sucks blackheads without hurting the skin, with 3 different suctions, friendly to every inch of skin.
- 3 kinds of nozzles, choose according to the "skin", which can fit the facial contour and clean each side of the skin.
- Small and portable, take it anywhere.
- Packaging configuration: host*1, data cable*1, nozzle*3, instruction manual*1

Product Specification

Product color : white 

Product types : visble/invisible

Rechargeable current : 450-500mA

Charging voltage : 5V

Rated Power : 5W

Work current : First gear 350-400mA/Second gear 450-500mA/Third Gear 550-600mA

Battery capacity : 1100mAh

Product Size : 40.7*178.7*37.9mm

Packing size : 195*82*44mm

Product Net Weight/gross weight : 130.1g/236.4g

Net weight/gross weight of invisible products:125g/231.4g

Packing weight : 19.51kg /19.11kg

Carton size : 47X41X36cm

Packing quantity : 80pcs

Certification : CE, ROHS, FCC

Product Description

- About 42° warm compress, which is comfortable covering around eyes and soothing your eye muscles.
- Through frequency vibration kneading, which can release pressure from deep degree.
- 180° folding and bending, which are suitable for different head types.
- 1100mAh large capacity battery, low self-discharge rate, durable battery.
- Bass massage which will not bother others.
- Packaging configuration : host*1 , data cable*1 , manual*1

Product Specification

Product color : White

Rated voltage : 5V

Rated Power : 3.5W

Battery Capacity : 800mAh

Product Size : 95.5*85*144mm

Packing size : 190*135*95mm

Package net weight/gross weight : 188.8g/324.8g

Packing weight : 7.1kg

Carton size : 51*42.5*31cm

Packing quantity : 20pcs

Certification : CE, ROHS, FCC

Product Description

- **Brightening & Blemishing:** The brightening and spotting effect is much better than expected. Fades acne marks in 10 minutes a day, which is effectively clears acne It can also help absorb nutrient and will not waste a drop of essence.
- **Triple-spectrum technology:** red light reduces wrinkles (skin vitality), orange light whitens skin (elastic care), and blue light purifies acne (calming).
- **34 LED lights** are more suitable for the skin. There are built-in high-brightness near-infrared red and blue light sets. After a series of tests and debugging, our light source achieves pure light color, not hurting the eyes.
- **10 minutes**, comfortable and quiet, beauty time, you can easily do beauty at home.
- **Smart timer**, automatically power off after 10 minutes of power on, scientifically plan the duration of light.
- **Package configuration:** host*1, data cable*1, manual*1

Product Specification

Product color : white 

Product styles : BFM-02A(rechargeable) /BFM-02B (plug in)

Rated voltage : 3.7V

Number of lamp beads : 34

Light wavelength : Red light wavelength620-630nm/Blue light wavelength 460-470nm/Orange wavelength580-590nm

Product Size : 98*160*210mm

Packing size : 209*118*152mm

Product Net Weight/gross weight : rechargeable : 92.4g/204.3g Plug in : 82.6g/194.5g

Packing weight : rachargable : 4.69kg Plug in : 4.49kg

Carton size : 61.5*44.5*33.5cm

Packing quantity : 20pcs

Certification : CE, ROHS, FCC

Product Description

- 330ml large water tank, continuous spray, regular spray for 4 hours, intermittent spray, regular spray for 6 hours.
- The nano atomization technology can make the water mist decomposed and diffused form a bundle to the indoor high place, so that it is not easy to wet the desktop.
- Independent spray and light buttons avoid cumbersome operation and are simple and clear.
- Three different lights are warm white atmosphere light, colorful atmosphere light and gradual atmosphere light.
- There are two options: the charging model and the plug-in model. The charging model has a built-in 650mA high-quality lithium battery, which can be used for 20 hours only when the fog is turned on, and can be used for 6 hours when the fog and the lamp are turned on at the same time.
- It can be used indoors, on the desk and in the office.
- Packaging configuration: host * 1, cotton swab * 2, USB cable * 1, Chinese and English instructions * 1

Product Specification

Product color : white,cyan, dark blue 

Product styles : BJS-01(plug in) /BJS-01B (rechargeable)

Charging battery capacity: 650mAh

Timed shutdown: 4 hours/6 hours

Rated input: DC5.0V/1.0A

Rated power: 2W

Working current: 250-350mA

Spray volume: 30-45ml / h

Product size: 74.5 * 74.5 * 130mm

Packing size: 76 * 76 * 131mm

Product net weight/gross weight: rechargeable:126g/176g plug in:110g/160g

Packing quantity: 60pcs

Packing weight: rechargeable:12kg plug in:10.5kg

Carton size: 41 * 40 * 32cm

Certification : CE, ROHS, FCC

BJS-02 Flame Humidifier

Product Description

- This Humidifier Design Dual-Mode Seven-Color Gradient Ambient Light, Rain And Snow Days Open To Harvest The Mobile "Small Fireplace".
- Independent Spray, Timing, Light Button, At Night, Close The Spray, Open The Light Alone Can Be a Night Light.
- 1/3/5 Hours Timing Function, Anti-Dry Burn Sensor, Thoughtful Design Intelligent Power Off, Assist To Sleep At Ease All Night.
- 400ml Reasonable Capacity Design, Surface Water Level Line Design.
- You Can Drop 2-3 Drops Of Essential Oils, 5 Seconds Of Rapid Diffusion.
- Water Stopper Design When Uncovering The Lid, Not Easy To Have Water Drops Spilled
- Type-c Charging Port, Super Convenient.Super Silent When Working
- The Leaf Pattern Can Be Customized To Any Other Pattern, Such As Wind, Fire, Clouds, Etc.
- Packaging configuration: host * 1, USB cable * 1, Chinese and English instructions * 1

Product Specification

- Product color : white
- Product styles : BJS-02(plug in)
- Timed shutdown: 1 hours/3 hours/5 hours
- Rated input: 5V
- Rated power: 7.5W
- Working current: 1.5A
- Spray volume: 25ml / h
- Product size: 210 * 85.5 * 130.9mm
- Packing size: 91 * 215 * 136mm
- Product net weight/gross weight: 445g/565g
- Packing quantity: 20pcs
- Packing weight: 12kg
- Carton size: 57 * 23.5 * 29.3cm
- Certification : CE, ROHS, FCC

BAP-01 Air Purifier

Product Description

- Negative ions effectively purify the air, remove PM2.5, dust, harmful substances, bacteria, etc.
- No consumables are required, and it can be used for a long time at one time.
- Suitable for different people and occasions to wear, travel, party, office care at any time.
- Double negative ion emission carbon fiber head, double the air purification.
- 20 million negative ions, remove a variety of harmful substances in the air.
- Package configuration : Host*1+Necklace*1+USB data cable*1+Chinese and English manual*1

Product Specification

Product color : white,black,pink 

Negative ion concentration : 20 million

Rated voltage : 3.7V

Rated power : $\leq 1W$

Battery capacity : 230MAH

Battery life : about 48 hours

Product size : 58.4*63.4*17.8mm

Packing size : 98*136*23mm

Product net weight/gross weight : 28.7g/112.3g

Product gross weight : 11.85kg

Carton size : 52.5X30X25cm

Carton quantity : 100pcs

Certification : CE, ROHS, FCC, Sterilization test report

BAP-02 Air purifier

Product Description

- The portable air purifier can release high concentration of negative oxygen ions into the air, purify the 1m' breathing space in an all-round way, actively remove air pollutants such as PM2.
- Adjustable concentration--two levels of negative ion concentration adjustment: up to 120 million negative ions can be released.
- Long battery life - high quality lithium battery, battery life up to 60 hours.
- High-definition lenses, with indicator lights, have distinct layers and higher grades.
- The size of the car key, it does not take up space and can be placed anywhere. It can be used wherever you go, and it can be hung around your neck, fashionable and trendy.
- Package configuration: Host*1, Necklace*1, USB cable*1, Chinese and English manual*1

Product Specification

Product color : white,black 

Negative ion concentration : high-end: 120 million Low-end: 80 million

Rated power : $\leq 1W$

Battery capacity : 700MAH

Charging time : about 2 hours

Battery life : high-end: about 30h Low-end: about 60

Product size : 36*79.8*23.4mm

Packing size : 116*95*33mm

Product net weight /gross weight : 48.8g/138.3g

Product gross weight : 7.4kg

Carton size : 50X18X34cm

Carton quantity : 50pcs

Certification : CE, ROHS, FCC, Negative ion detection report

Product Description

- Anytime·Desktop·In-car: Three-in-one function
- No need to replace the filter element, saving materials and more environmentally friendly.
- Long battery life, long-term protection. , It can last for 10 hours after charging for 1 hour, so you can travel fresh and stress-free.
- With the bracket, it is more convenient to use in the car/desktop.
- Wherever you go, good air is everywhere
- Package configuration: Host*1+Anti-static cord*1+Chinese and English manual*1+Support clip*1+Charging cable*1.

Product Specification

Product color : white, black, pink 

Negative ion concentration : 50 million

Rated power : $\leq 1W$

Battery capacity : 230MAH

Charging time:about 1 hour

Battery life : about 12 hours

Product size : 55.9*79.9*27.8mm

Packing size : 105*105*34mm

Product net weight/gross weight : 41.5g/120.1g

Packing gross weight : 12.65kg

Carton size : 53*39*25cm

Carton quantity : 100pcs

Certification : CE, ROHS, FCC

BAP-05 Air purifier

Product Description

- Enjoy clean air anytime, anywhere.
- No need to replace the filter element, saving materials and more environmentally friendly.
- Simple, casual, and generous appearance has become the new favorite of fashionistas.
- It can be worn on any occasion.
- Package configuration: 6. Host*1+Anti-static cord*1+Chinese and English manual*1+Charging cable*1

Product Specification

- Product color : white,black 
- Negative ion concentration : 30-50 million
- Rated power : $\leq 1W$
- Battery capacity: 700MAH
- Charging time: about 2 hours
- Battery life : about 60 hours
- Product size : 37.2*76.8*19.6mm
- Packing size : 105*105*33mm
- Product net weight/gross weight : 41.5g/111.8g
- Packing gross weight : 11.65kg
- Carton size : 53*39*25cm
- Carton quantity : 100pcs
- Certification : CE, ROHS, FCC

BAP-06 Air purifier

 2021307833125

Product Description

- Wear neck type air purifier to enjoy clean air anytime and anywhere
- Keep track of the temperature around you and easily switch between Degrees Celsius and Fahrenheit. Silent operation, no fan, no noise.
- It can be worn on any occasion.
- Package configuration: host *1 necklace +1 English and Chinese manual +1 charging cable

Product Specification

Product color : black 

Negative ion concentration : 120 million

Rated voltage : 3.7V

Battery capacity: 260MAH

Charging time: about 2 hours

Battery life : about 60 hours

Product size : 28.5X74.2X18.3mm

Packing size : 109*101*36mm

Product net weight/gross weight : 28g/101g

Packing gross weight : 10.78kg

Carton size : 53*39*25cm

Carton quantity : 100pcs

Certification : CE, ROHS, FCC

BAP-07 Air purifier

Product Description

- Negative ions can effectively purify the air and remove PM2.5, dust, harmful substances, bacteria, etc.
- You can know the temperature around you at any time, easily switch between Celsius and Fahrenheit.
- It is suitable for in-car, desktop and outdoor use.
- Aromatherapy can be added for a long-lasting fragrance.
- Package configuration: Host*1+Necklace*1+Chinese and English manual*1+Charging cable*1, Magnetic clip*1, Aromatherapy slice*1.

Product Specification

Product color: Black 

Negative ion concentration : 1.2×10^8 ions/cm³- 1.6×10^8 ions/cm³

Rated voltage : 3.7V

Battery capacity : 500MAH

Charging time : about 2-3 hours

Battery life : about 135 hours

Product size : 36X86X23.7mm

Packing size : 109*101*36mm

Product net weight/gross weight : 48g/127g

Packing gross weight : 13.39kg

Carton size : 53*39*25cm

Carton quantity : 100pcs

Certification : CE, ROHS, FCC

Product Description

- LED touch screen, which can be instantly purified.
- Built in air temperature sensor is used to detect the temperature in the vehicle. Touch it to switch between Celsius and Fahrenheit.
- 1200 mA battery, no need to insert, durable.
- Intelligent three-stage purification wind speed regulation, one-stage uniform purification, two-stage effective purification and three-stage high-speed purification.
- Built in high concentration anion generator, which can effectively remove bacteria and odor, and purify the air in the car.
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

Product color : white,black , silvery 

Negative ion concentration: 30million/cm³

Rated voltage : 5Vc260mA(MAX)

Using area : ≤ 10m²

Filter type : composite filter

Product size : 70*76*170.6mm

Packing size : 77*75*197mm

Product net weight/gross weight : 249g/324g

Packing gross weight : 16.7kg

Carton size : 41*39*40cm

Carton quantity : 50pcs

Certification : CE, ROHS, FCC

Product Description

- composite HEPA filter+Negative ion concentration, which can effectively purify the air
- Exquisite appearance, small and convenient.
- Fashion colorful mood lights.
- 360° air inlet tower design and all-round three-dimensional purification speed have more powerful penetration.
- Sleep-level silent
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

- Product color : white,black 
- Negative ion concentration: 30million/cm³
- Rated voltage : 5Vc260mA(MAX)
- Using area : ≤ 10m²
- Filter type : composite filter
- Product size : 63.6X63.4X135.5mm
- Packing size : 138X87X64mm
- Product net weight/gross weight : 144g/200g
- Packing gross weight : 10.68kg
- Carton size : 45X33X29cm
- Carton quantity : 50pcs
- Certification : CE, ROHS, FCC

Product Description

- Negative ion purification + HEPA composite filter + UV lamp sterilization: three-in-one super purification.
- Large diameter purification ---- 360° air inlet tower, which can be less resistance and faster purification.
- UVC-LED ultraviolet irradiation, which can better release sterile air.
- 360° air inlet tower design and all-round three-dimensional purification speed have more powerful penetration.
- You can use it in multiple scenarios, and give you good air anytime, anywhere.
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

- Product color : white,black 
- Negative ion concentration: 30million/cm³
- Rated voltage : 5V
- Working current: 260mA(MAX)
- Using area : ≤ 10m²
- Filter type : composite filter
- Product size : 63.6X63.4X135.5mm
- Packing size : 138X87X64mm
- Product net weight/gross weight : 144g/200g
- Packing gross weight : 10.6kg
- Carton size : 45X33X29cm
- Carton quantity : 50pcs
- Certification : CE, ROHS, FCC

BCAP-02C Car Air Purifier

Product Description

- HEPA composite filter element for purification and strong adsorption capacity.
- Beautiful appearance, small and convenient.
- Stylish colorful mood lighting.
- 360° air inlet tower design and all-round three-dimensional purification speed have more powerful penetration.
- Sleep-level silent.
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

- Product color : white,black 
- Rated voltage : 5V
- Working current: 260mA(MAX)
- Using area : $\leq 10\text{m}^2$
- Filter type : composite filter
- Product size : 63.6X63.4X135.5mm
- Packing size : 138X87X64mm
- Product net weight/gross weight : 144g/200g
- Packing gross weight : 10.6kg
- Carton size : 45X33X29cm
- Carton quantity : 50pcs
- Certification : CE, ROHS, FCC

BCAP-04 Car Air Purifier

Product Description

- composite HEPA filter+Negative ion concentration , which can effectively purify the air
- Exquisite appearance, small and convenient.
- Fashion colorful mood lights.
- 360° air inlet tower design and all-round three-dimensional purification speed have more powerful penetration.
- Sleep-level silent
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

- Product color : white,black 
- Negative ion concentration: 3000million/cm³
- Rated voltage : 5V
- Working current: 260mA(MAX)
- Using area : ≤ 10m²
- Filter type : composite filter
- Product size : 63X63X133.3mm
- Packing size : 135X85X61mm
- Product net weight/gross weight : 166g/222g
- Packing gross weight : 11.71kg
- Carton size : 45X33X29cm
- Carton quantity : 50pcs
- Certification : CE, ROHS, FCC

Product Description

- Negative ion purification + HEPA composite filter + UV lamp sterilization: three-in-one super purification.

CAR AIR PURIFIER

- Protect travel health
- Free breathing in the car

BCAP-05 Car Air Purifier

Product Description

- The indicator light displays the real-time monitoring air quality results. Green light indicates good air quality, yellow light indicates average air quality, and red light indicates poor air quality.
- Touch the light button to turn on the starry atmosphere light to create a romantic starry sky.
- Light and purge switch independent buttons are set at the top.
- High concentration of negative ions, settling dust in the air, neutralizing static electricity, removing odor, and cleaning the air.
- The newly added USB charging hole can quickly charge both products at the same time, and electronic devices can continue to charge while enjoying clean air.
- Packing configuration: Host*1+Data cable*1+Chinese and English manual*1+CPE bag*1+Filter element*1.

Product Specification

Product color : white,black , silvery 

Rated voltage : 5V

Working current: 260mA(MAX)

Using area : $\leq 10\text{m}^2$

Filter type : composite filter

Product size : 66*66.8*170.5mm

Packing size : 75*77*197mm

Product net weight/gross weight : 182.5g/256g

Packing gross weight : 13.4kg

Carton size : 41*39*40cm

Carton quantity : 50pcs

Certification : CE, ROHS, FCC

BC-01 Car Air Purifier

Product Description

- Efficient purification of negative ions.
- Dual USB ports/2.1A output which can charge two devices at the same time.
- Multi-point pulse needle technology that significantly improve the release of negative ions.
- Blue LED indicator ring that is clearly visible in the dark.
- Sleep-level silent.
- Packaging configuration: Host*1+Manual*1.

Product Specification

Product color : black 

Power source : 12V

Product power : 0.8W

Using area : $\leq 10\text{m}^2$

Rated voltage : 12V

Output interface:dual USB interface

Product size : 36.1*36.1*93.7mm

Packing size : 138*81*42mm

Product net weight/gross weight : 46.2g/118.6g

Packing gross weight : 12.75kg

Carton size : 44.5X43X30cm

Carton quantity : 100pcs

Certification : CE, ROHS, FCC
